

This course establishes a strong sense of professional values and ethics and the application of the concepts and principles of ethics in the professional environment. The learner will be exposed to developing an increased understanding of their own belief system and how it relates to the organisational code of conduct as well as the implications of inappropriate ethical conduct in the operational environment.

Benefits of attending this courses

On completion of this course, the learner will be able to analyse issues related to professional conduct, evaluate an ethical code of conduct as it applies to the operational environment and apply professional ethics in practical situations.

Course Options

- Classroom Facilitated – can be conducted on-site. Talk to us about this option
- Public courses – check the latest schedule for dates
- Digital Blended Learning – Download your text books and attend revision sessions
- Self-study – Download your Text books and assignments and complete at your own pace
- Customised – all learning materials can be customised to include internal SOP's

Who should attend and prerequisites

This course is intended for decision makers in purchasing and procurement who are responsible for negotiating with suppliers and obtaining the best terms for the organisation.

Learners should be competent in Communication (NQF Level 4)

How to Book

Complete the form on our website to enquire about this course and make a booking.

Course Outline – Key Learning Points

- Philosophical approaches to professional and ethical behaviour
- Analysing own beliefs to determine an appropriate framework of behaviour and practice
- Evaluate a code of ethics against internationally accepted principles
- Identify gaps in the code of ethics
- Assess the organisational implementation of the code of ethics
- Strategies to improve the code of ethics and its implementation in the organisation are discussed
- Identified issues are assessed against the organisational code of conduct and personal behaviour framework
- Practical issues are addressed in a manner that satisfies both the organisational code of conduct and personal behaviour framework
- Professional boundaries are assessed in accordance with current legislation and codes of practice applicable to the area of operation
- Potential conflicts between organisational demands and professional or ethical standards are identified and described
- Practical situations are analysed and issues pertaining to professional ethics and values are identified

Accreditation and Assessment

TETA Unit Standard: NLRD335800

This unit standard is on NQF Level 5 and has 4 credits.

Delegates are required to submit a Portfolio of Evidence (POE) and Final Summative Assessment (FSA) results in order to be accredited against this Unit Standard.

Duration and delivery options

This course is conducted over 1 days or 2 half days. A delivery schedule is provided for submission of POE's and FSA's. Flexible time slots can be agreed for groups of 8 or more.

All courses can also be taken on line at a reduced fee.
